Keep track of your Members, Membership fees, and Renewal Dates

Memberships, Payment, and Renewal Fees

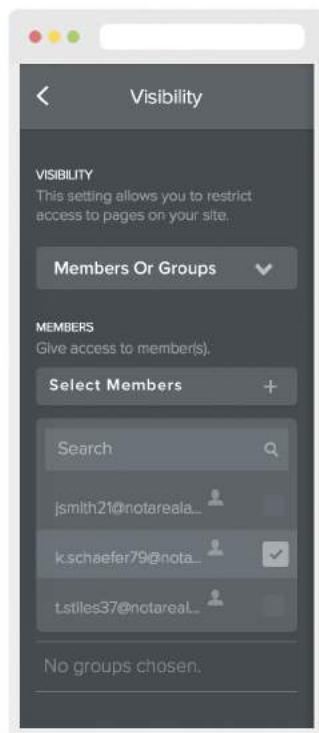

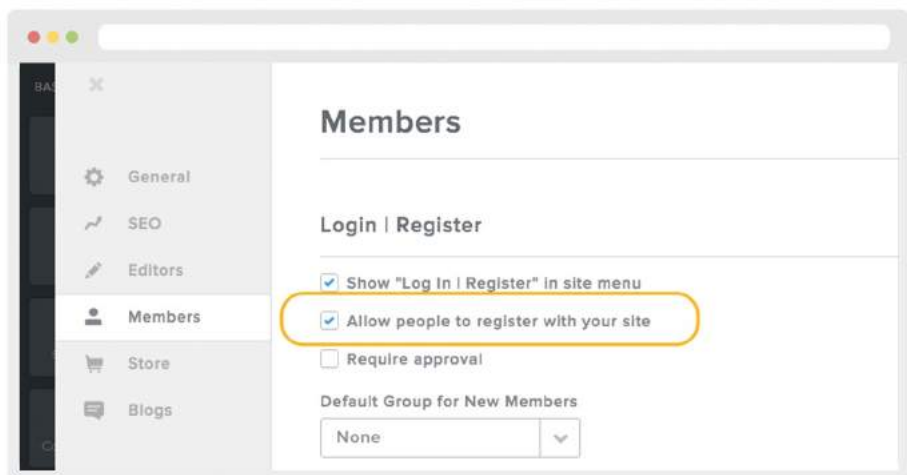

With the Giveffect membership management system, your organization can create unlimited membership levels with customizable renewal terms and fees. Define membership rules, such as refund or skip next membership fees for members who have donated a certain amount or volunteered over a set number of hours for the year. This is made possible only with an intelligent, connected system.

- ✔ Unlimited Membership Levels
- ✔ Pre-authorized credit card with automated payments
- ✔ Membership status reports
- ✔ Track membership payments and outstanding fees
- ✔ Complete 360° view of Members with donor and volunteer stats
- ✔ Run targeted members-only email campaigns
- ✔ Expiration alerts
- ✔ Members-only reminders

The screenshot shows a web interface for managing membership. At the top, there is a dropdown menu for 'Existing Contact' with the value 'Shirley Armstrong' and an 'Add a Contact' button. Below this, there are fields for 'Membership' (set to 'Annual Membership (\$50.00)') and 'Member Since'. There are two radio buttons: 'Pay Offline' (selected) and 'Pre-authorized Credit Card'. The form is divided into two columns: 'Credit Card' and 'Billing Address'. The 'Credit Card' section includes fields for 'Cardholder Name', 'Email', 'Card Number', 'CVC', and 'Expiration (MM/YYYY)'. The 'Billing Address' section includes fields for 'Country' (set to 'USA'), 'Street', 'City', 'State / Province' (set to 'California'), and 'Zip / Postal Code'. At the bottom left, there are icons for AMEX, VISA, and other payment methods. At the bottom right, there are 'Save' and 'Cancel' buttons.

Member Registration

With Giveffect's Web-in-a-box websites, users can become a member of your site by signing up through a registration link, or by you manually inviting them to become a member.

Limiting Page Visibility to Members

Every page on your Giveffect Web-in-a-box website has a visibility setting. You can change each page's visibility so that it is password protected, or so that only certain members or groups can see that page.

"We are new clients in the Giveeffect world and from start to finish, have had an amazing experience. Our data migration was seamless, campaigns are easily set up and customer service is literally at your fingertips. We are thrilled with the new system and love the ease and look of our new pages"
